

Department of Economics

Year of Establishment : 1968

Economics is one of the most reputed departments of our Institute. It was established in the year 1968 along with the Faculty of Arts in the college. Economics has been one of the most important optional subjects in the Under Graduate Programme, Bachelor of Arts. Dr. D.V. Jahagirdar was the first Head of the department who later joined as a Professor of Economics in Government Vidarbha Institute of Science & Humanities, Amravati. After the departure of Dr. D.V. Jahagirdar, the department was headed by Dr. S.A. Deshmukh. After his retirement, I was appointed in the department in 1998. Since then, I have been singlehandedly running the department. The Department has a glorious and long tradition of meritorious students. Many of our students have found place in the merit list of SGB Amravati University Amravati. The department is proud to share that many of our students have cleared State and National Level competitive examinations like SET/NET and extending their services in various Govt. and Private Sectors.

The department would be less than grateful if it did not make special mention of the subject toppers at university level like Miss. Namita Vijayrao Hande (Summer 2012), Miss. Pooja Pundalikrao Gawande (Summer 2018) and Miss. Vaishali Siddharth Bhagat (Summer 2019) who brought laurels to the institution.

Vision:

To provide theoretical, applied knowledge of economics and study socio-economic problems at regional and national level for the inclusive development of the students.
